

Multi-Use QuickCut™ Circular Saw Cutting Guide

QuickCut™

Measures, Guides, Gauges Angles, and More.

- **ONE TOOL, COUNTLESS USES** – The Bora QuickCut™ is your all-in-one cutting guide. Mark, measure, and cut with unrivaled precision.
- **BORA QUALITY THROUGH AND THROUGH** – Strong aluminum extrusion, large grip handle for precise cuts, four common preset angles (22.5°, 45°, 60°, 90°), works with most right and left handed saws.
- **CUT WITH CONFIDENCE** – Bora knows woodworking and cutting tools! This embodies our long history of making world-class precision cutting and measuring tools.
- **PERFECT FOR PROJECTS** – When you have a project with repetitive cuts at a preset angle, the Bora QuickCut™ is perfect for the job.
