We're settling into a new year, and some of us have made 2026 resolutions. In the fall of 2025, my family prepared for the renovation of our home, and we are now in the final stages. When we first began, we believed that digging for a foundation wall would be easy. Instead, it became an all-day affair. The old house's structure was lacking, but the original foundation had been built on a solid rock ledge, common in PA's Big Valley. Watching the excavator's hydraulic jackhammer breaking the rock into pieces, I thought, "My house has been built on a rock." Matthew 7:24-27 references a wise man and a foolish man choosing which foundation to build on. Christ makes it clear that He is "The Solid Rock" (hymn). May our 2026 resolution be this: "Our hope is built on nothing less than Jesus' blood and righteousness; I dare not trust the sweetest frame, but wholly lean in Jesus' name. On Christ, the solid rock I stand; all other ground is sinking sand, all other ground is sinking sand."

*Ach, naw ver's my wrench?*

PaulB dropped his tiny, black wrench on the pages of this ad. Find it, and you have a clue to where there is a hidden wrench worth \$5 in each of our stores. It looks like this but is much smaller...

The wrench in this ad has no redeemable value. See **PaulBhardware.com/hidden-wrench** to learn more.
