*Ach, naw ver's my
wrench?*

PaulB dropped his tiny, black
wrench on the pages of this ad.
Find it, and you have a clue to
where there is a hidden wrench
worth \$5 in each of our stores.
It looks like this but is much
smaller...

The wrench in this ad
has no redeemable
value. See

Faith in an Instant World

In a fast-paced world, speed is highly valued. I recently attended a meeting with fellow businessmen who used new software to reduce a two-week business process to just two minutes. While initially excited, I later found myself troubled by how quickly I could apply this desire for instant results to my own faith journey.

True spiritual growth stands in stark contrast to rapid technological acceleration. In explaining the Parable of the Sower Jesus says in Luke 8:15, "But the ones that fell on the good ground are those who, having heard the word with a noble and good heart, keep it and bear fruit with patience", the seeds that fall in the "good soil" are those who hear God's word, hold it fast, and "bear fruit with patience". Our spiritual maturity cannot be established overnight; it is cultivated over time through the ordinary, everyday experiences of life, sustained by God's daily grace. While society chases instant results or the next big thing, faith requires patience and trust in God's perfect timing.
